

K-LOVE serves my family, as we are residents of the local community. It would be detrimental to our community if K-LOVE were to be displaced by an LPFM broadcaster providing other programming. It is my family's belief that the service provided by K-LOVE is continually providing a family friendly listening venue, and to lose this station would be such a tragedy. K-LOVE defines what a station with strong family values and positive community impact is in today's society. Please support our petition!
